

# PEROX II

## CLEANING ENHANCER FOR VINERY MATERIALS

### DESCRIPTION

**PEROX II** is an oxygen bleach specifically formulated to remove stubborn dirt. It is a chlorine substitution product for difficult cleaning. **PEROX II** is especially suited for vinery material; it is used with the BW 200 as an activating agent to increase its performance. Its powerful formula provides fast cleaning, effective bleaching and total disinfection.

### PROPERTIES

Appearance	Clear colourless bubbly liquid
Odour	Faint to slightly sharp
Hydrogen peroxide content	Minimum 7%
pH (as is)	4.00±1.00
Specific gravity @ 25°C	1.030±0.010
Phosphate Content	Trace
Biodegradable	Yes
Rinsing	Complete

### APPLICATION

- **FLOOR CLEANING:** Dilute 10% of **BW 200** (100 ml in 1L of water) and mix with a 10% solution of **PEROX II** (100 mL in 1L of water) and use it at room temperature. Rinse with clean water.
- **DISINFECTION and TANK CLEANING:** Dilute 5% of **BW 200** (50 mL in 1L of water) and mix with 5% of **PEROX II** (50 ml in 1L of water) and use it at room temperature. Rinse the product with potable water.
- **CIRCUITS CLEANING:** Dilute 2.5% (25 mL **BW 200** in 1L of water) and mix with 2.5% (25 ml **PEROX II** in 1L of water) and use it at room temperature. Cleaning can be done by spraying the solution on the surfaces or in closed loop with a contact time of 10-20 min. Rinse with clean water.

### KEEP OUT OF THE REACH OF CHILDREN

#### WARNING: ACIDITY

Contains hydrogen peroxide. Avoid contact with skin, eyes and clothing. Do not take internally. Do not inhale mist. For contact with eyes, flush eyes thoroughly with water for at least 15 minutes and get medical care. For skin contact, flush eyes thoroughly with water and get medical care if irritation persists. If inhaled, remove to fresh air and get medical care if irritation persists.
